

Dear EXCITE participants,

The first meetup post EXCITE is scheduled on September 8, 2018 at J-HUB, JNTUH with the launch of Pre-Accelerator program.

All EXCITE participants with a prototype are eligible for the PRE-ACCELERATOR program. About 25 ideas with valid prototype will be taken into J-HUB accelerator to convert into a minimum viable product.

Top ideas will be provided with the seed grant to convert ideas to MVP. The Pre-Accelerator program helps you to prepare for the same. Starting from the September there will be a monthly meet up where mentors help you to build for your ideas lean canvas, goto market strategy, product packaging and MVP.

The agenda for September program is as follows.

- | | | |
